Focus of the Data and Evaluation Committee: Advising and supporting the process of developing the next YSIPP.

Time	Topic	How	Notes / Attachments
9:30	Welcome, Announcements, Approve Previous Minutes, Agenda Review, Consent Agenda (Consent Agenda reminder: these items are not up for discussion; one motion to accept all as presented)	• October meeting minutes Table items that have not been resolved	
9:40	October Action Items Check-In John Seeley, Annette Marcus	Previous Action Items: -Status of Letter to OHA regarding data recommendations from Alliance -OHA Presentation -TOC Letters will be sent to this committee -Committee Chair	See attached written report on the status of action items.
9:40	OHA Data Presentation Meghan Crane Chris Sorvari Xun Shen	-OHA is planning on distributing a "menu" of the suicide data we have -Walkthrough of a graph for each measure (using our dashboards) so that everyone becomes familiar with how to access and interpret the data	

10:40	Discussion / Q&A on OHA Data Presentation	Questions to consider if the core charge of our committee is to determine how do we leverage the data available to inform our work. How are we going to do this and make the linkages?	
		What are our strategies for using the data to inform action?	
		Are there certain metrics that should trigger specific actions?	
		How is Zero Suicide and Meghan Crane using the data? Is there action tied to it on a regular basis? Who is responsible for action?	
		With the next YSIPP do we want a clearer connect between data and action? Data committee synthesizes and makes recommendations?	
		Does this committee want to consider a request of release of preliminary suicide death data?	
		Discussion of this request and how it would serve our work together?	
		Do we want disaggregated numbers by gender?	
		John is more interested in proximal outcomes that we might be able to impact – hospitalizations due to suicide attempts, access to treatment inpatient and outpatient supports?	

10:55	Standing Agenda Items that won't be Reviewed / Discussed during meeting: Data Review Check-In on Google Sheet Research Tracker	YSIPP 2.0 Update Essence Report HB 3090 Report Discuss how this committee will work to distill data from YSIPP 2.0 input Create survey to be sent out to this Committee with the purpose of finding gaps in available data for the next YSIPP (what is currently available for U of O to use and what needs to be researched). Keep in mind, "what data would be useful in your role in suicide prevention?"	
10:55	Set Next Agenda / Committee Business		Long-ish term goal – create / update SMART Goals for this committee (see below agenda for potential Committee projects and previous Committee SMART Goals for reference)
11:00	Adjourn		

Potential tasks for Data & Eval Committee (brainstorm ideas)
- Catalog a list of data sources.   - Learning collaborative for people working in suicide prevention who are working in data, best practice, gap identification.   - Score Card—assess how we are doing to get aligned with national standards of suicide prevention data. Focus on how to improve this.   - Improving the data literacy and competency of people across the state.   - Build the capacity of the field to be more data driven   - Data coordination—what metrics are most important to collect on a local level and how do we feed these into the larger scheme of things. Review the data dashboard on a routine basis   - Who holds the task of providing data sources and the data dashboard for us to review   - Think tank brain trust for individual research presentations.   - What are the universe of data metrics? How does this connect -- protective and risk factors   - We review the data, understand the strengths and gaps, a forum for learning and supporting each other who are doing in research.

YSIPP Objective: Objective 6.2Provide training to mental health and substance abuse providers on recognition, assessment and management of at-risk behavior, and the delivery of effective clinical care for those with suicide risk.   (See also Objective 6.2c re requiring training)

Strategic Priority: By the end of June 2021, get legislation passed requiring the behavioral health workforce to take continuing education units on suicide assessment, intervention and management.
