

TRANSITIONS OF CARE COMMITTEE

Origin | Where We Are Now | Where To Go Next

October 19, 2020

ORIGIN – In a nutshell

In 2014

Julie and Jerry invited by Rep Alissa Keny-Guyer to testify in the fall pre-legislative session hearings

Topic:

- Our experiences with unsafe transitions from health care system where our daughters sought emergency care for mental health crisis
- Our ideas about what we (and other parents/families/individuals) believed would create safe transitions

ORIGIN – In a nutshell

2015 Session

Rep Alissa Keny-Guyer

1. Championed our bills
2. Engaged stakeholders

And we:

- Brought other families and individuals with lived experiences to testify

ORIGIN – In a nutshell

2015 Session

Passed:

- ✓ HB2023 – inpatient discharge protocol
- ✓ HB2948 – HIPAA clarifications about disclosures
- ✗ Did NOT pass safe transitions from emergency depts.

ORIGIN – In a nutshell

2015-16 – YSIPP

Because we could not get our bills covering safer discharges from emergency departments passed, we advocated for inserting the concepts into the YSIPP

Continuity of Care Committee formed

ORIGIN – In a nutshell

Continuity of Care Committee

Focused our work on what safe transitions as described in the bills would entail and how to influence the practices of EDs to facilitate safer discharges.

ORIGIN – In a nutshell

2017 Session

Passed

- ✓ HB3090 – ED discharge protocol
- ✓ HB3091 – Payment requirements to enable 3090, 2023

Where We Are Now

Once the full suite of bills were passed as statutes and rules were established in OARs:

Committee went on hiatus for a brief time.

Leadership changes were taking place with Alliance.

Then we reconvened – *Galli and Julie as Co-Chairs*

Where We Are Now

Looked at description and name of committee – updated our vision and charge:

Transitions of Care Committee identifies best practices, innovative approaches and gaps to safe and uninterrupted transitions for youth, young adults and their caregivers when experiencing mental health crisis or risk of crisis. It promotes policies and practices that effectively support their needs for continuity during the period in which intentional coordination of care is imperative.

Where We Are Now

Explored a process to look at root-cause analysis of unsafe transitions and safe transitions to decide next steps as a committee.

- brief review of google doc -

Where We Are Now

Development of an intentional collaboration among the stakeholders impacted by these laws for implementation, tracking, enforcement, and data around barriers to implementation:

- ORS 441.015 to 441.063 (HB3090) and ORS 441.196 (HB2023) - transition requirements
- ORS 743A.168 (HB3091) - payment requirements for care coordination and case management

Where We Are Now

Alliance submitted letters to Rep Alissa Keny-Guyer

1. About data and reporting on 3090 implementation
2. About fragmented efforts around all four laws.

Where We Are Now

Implementation of 3090/3091 **has faltered** due to:

- limited oversight,
- siloed work,
- inadequate communication, and
- a lack of accountability.

Where We Are Now

Effective implementation would **benefit** from:

- a collaboration of the interconnected group of stakeholders,
- a convening authority,
- designated communication channels, and
- clarity of roles.

Where We Are Now

The Transitions of Care Committee identified nine stakeholder entities that fill vital roles in effective implementation of rules

- OHA,
- OAHHS,
- individual hospitals,
- patients and families,
- DCBS,
- public and private insurance,
- schools,
- the UO Suicide Prevention Lab, and
- the Oregon Alliance to Prevent Suicide (specifically the Transitions of Care Committee).

Where We Are Now

Alliance is asking AKG to assist in urging forward the following actions:

(1) Development of a convening body to create a community of practice around implementation policies related to ORS 441.015 to 441.063 and ORS 441.196 (HB3090, HB2023);

Where We Are Now

Alliance is asking AKG to assist in urging:

(2) Identify a point of contact within each stakeholder group for all work related to ORS 441.015 to 441.063 and ORS 441.196 (HB3090, HB2023);

Where We Are Now

Alliance is asking AKG to assist in urging:

(3) Establish a reference document of the interrelationships among the stakeholders, identifying their responsibilities, current and future implementation efforts, and points of interdependence, using the attached draft document as a starting point;

Where We Are Now

Alliance is asking AKG to assist in urging forward

(4) Create a forum for the sharing of completed work, including audit forms, implementation tools, and contact lists;

Where We Are Now

Alliance is asking AKG to assist in urging forward:

(5) Develop a plan for dissemination and use of existing tools and documents (such as OAHHS' Interpretative Guidelines for Oregon Hospitals regarding discharge planning from hospitals, OHA HB3090 Reports resulting from hospital surveys, etc.);

Where We Are Now

Alliance is asking AKG to assist in urging forward:

(6) OHA to establish a page on its website, easily accessible to the public, that describes the requirements associated with these laws and a defined procedure for grievance or complaint submissions;

Where We Are Now

Alliance is asking AKG to assist in urging forward:

(7) DCBS to report on any efforts and findings in regard to implementation, enforcement and complaint procedures associated with ORS 743A.168 (HB3091)

Where We Are Now

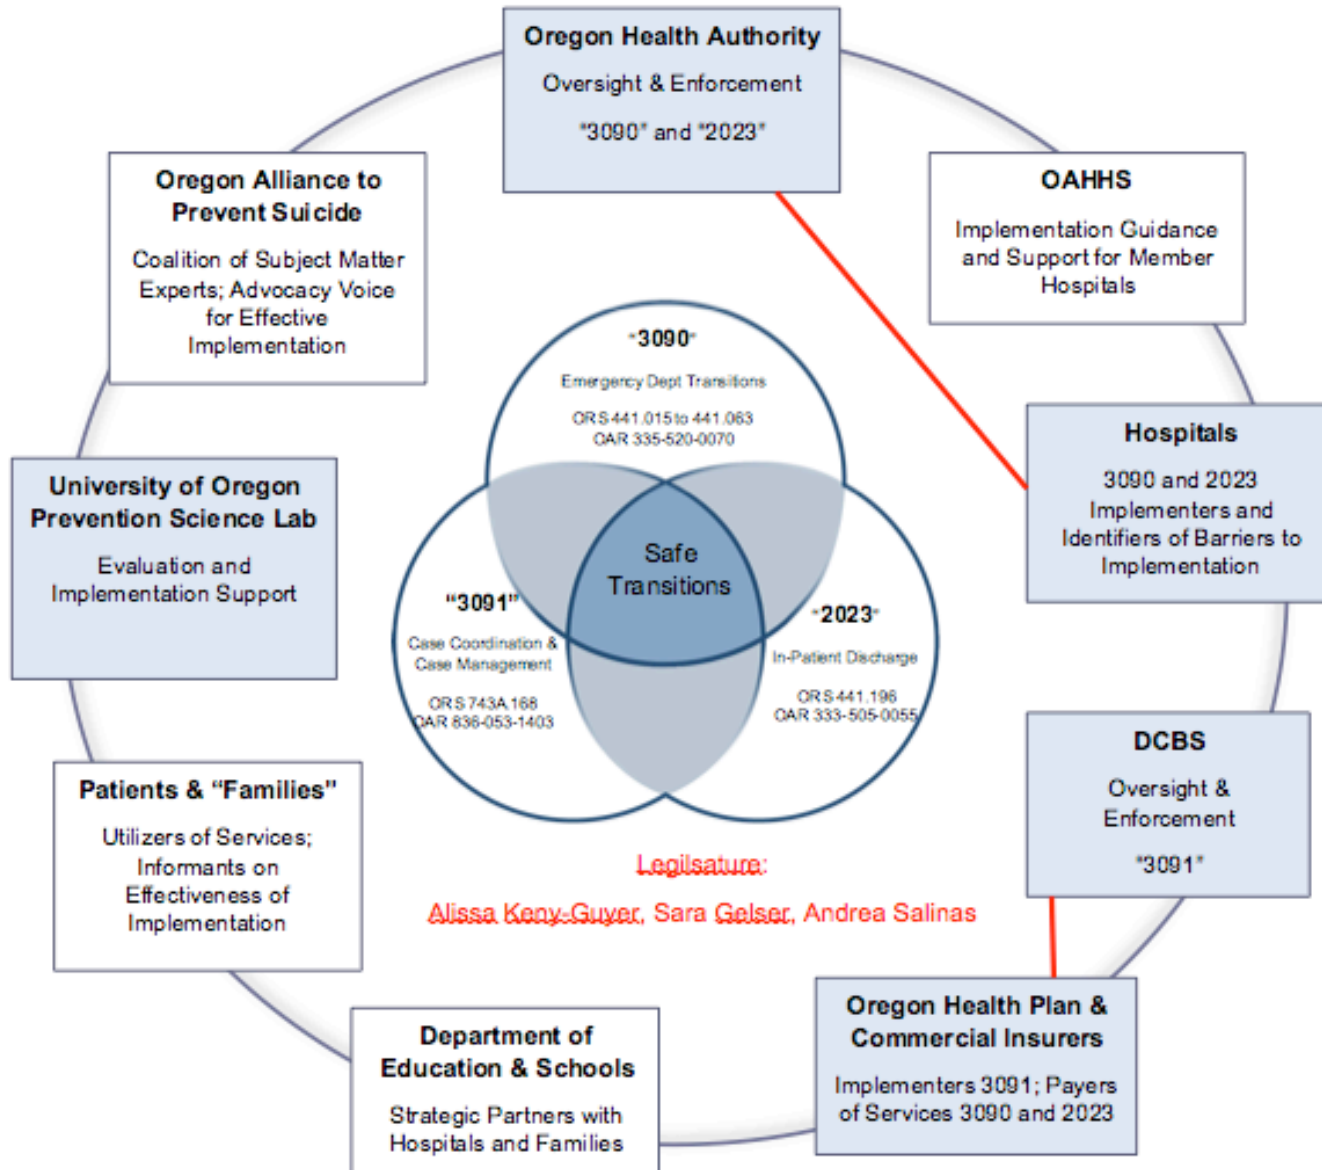

Alliance is asking AKG to assist in urging forward:

(8) The Legislative Assembly to hold hearings on implementation, enforcement, complaints and barriers to implementation and develop any follow up actions based on reports made during the hearings.

Where We Are Now

Partners in the work:

“The Oregon Alliance to Prevent Suicide and the Suicide Prevention Lab within the College of Education at the University of Oregon remain ready to collaborate with OHA to ensure these laws are fully adopted and established in practice by all stakeholders in Oregon to which the laws apply.”

Where Are We Going?

- Changes in leadership and membership of the committee.
- Pause due to pandemic, impact on health systems, changes in practices.
- Need for building committee membership.
- Determining strategies to do this work as pandemic lingers indefinitely (ie. no return to *pre-pandemic normal* in sight).

Agreed Upon Next Steps

- Email to the group: these slides, related docs/links
- Set meeting for a deep dive into the details and the work that impacts our movement forward (90mins)
- Invite OHA update on 3090/2023 efforts (Jill Baker)
- Decide meeting schedule, roles, new group process
- Identify interested leaders to learn beside co-chairs

Compiled documents and efforts

HB3090 and HB2023 Implementation Related Documents:

- OHA Psychiatric ED Boarding Report Brief Final
- 3090 ED Brochure DRAFT Parent-Guardian-Lay Caregiver
- OHA Health Analytics Final ED Release Report
- OAHHS Hospital Discharge Planning Fact Sheet
- OHA Hospital Emergency Department Mental Health Survey Discharge Tool
- OHA Hospital Inpatient Departments Mental Health Survey Discharge Tool
- Two letters to Rep A Keny-Guyer
- Questions for Hospitals to Report on 3090 (Julie/Jerry to AKG)
- Survey Monkey_HB 3090 (OHA?)

Compiled documents and efforts

Hospital Discharge Policies for HB 3090:

- Discharge Summary_Peace Health
- Discharge_Providence St. Joseph Health
- Discharge_Salem Health Hospitals and Clinics
- Discharge_OHSU

Gratitude to those who have participated in this committee:

Galli Murray, Co-Chair

Julie Magers, Co-Chair

Jerry Gabay

Rene Smith Sumpter

Tanya Pritt

Gary McConahay

Amber Ziring

Jonathan Rochelle

Kaliq Fulton-Mathis

Ann Kirkwood

Annette Marcus

Jen Fraga

Amy Baker, Co-Chair

Cherryl Ramirez

Stephanie Willard

Kristi Nix

and anyone from the early years that I missed...
