ODE is working to figure out what to do with these funds and how to best spend them. They are also looking at the biennium student investment account hoping to hire specialists to provide support for students on a behavioral and mental health level.

Kara requested to have some time on June or July's agenda to talk more about this because they will have more information then.

Hoping to engage in community engagement to be in right relationship with those they serve which takes time. Kara will do their best to provide this committee with community engagement session information to hear from us. These sessions may |

			happen in the next couple of weeks, but nothing has been finalized at this time. SIA Funds – Student Investment Account. Kara noted that the technical assistance coaching through the SIA will be funded through the state's expenditures and will be targeted at districts who are not currently meeting expectations.
