Focus of the Data and Evaluation Committee: Advising and supporting the process of developing the next YSIPP.

Time	Topic	How	Notes / Attachments
9:30	Welcome, Introductions, Announcements, Consent Agenda	Table items that have not been resolved	<p>Jess is new to this committee and is a manager at Morrison Child and Family Services and is on the QI team. Her goal is to take what they learn here and take it back. Morrison is also working to get youth voice on their P&P. Office of Refugee Resettlement – implemented CSSR-S and this is now being used in other Morrison Child and Family Programs.</p> <p>Returning members: <i>Put name & organization in the chat.</i> New members: <i>Share name & organization with the group.</i></p> <p>Announcement for December: Housekeeping meeting – small groups to review tracker and talk about what they are working on, add information to the tracker, bring back what they learned to the larger group. Look at workplan – review and update. Submit policy recommendations to OHA for long legislative 2023 session by February 2022.</p> <p>January – how does this committee engage with the rest of the alliance around the work they are doing / data / measurements; look at questions asked during November student health survey presentations and tell OHA what we would like to learn from the results.</p> <p>Group brainstorm session where we can identify things moving forward with other committees. How can we support them? Raise this question with other committees before January to hear from them. Performance measurement plan? Is that our role?</p>

			<p>Roger is leaving June 2022 for at least 7 months. As we approach this, we'll transition someone else into the co-chair role as Roger may not come back. Key questions for committee chairs -- what are your strategic objectives? what are key performance indicators? how/who will measure?</p> <p>Nov 22 230-330</p>

9:35	Big View, Review, Preview of Committee Work	<ul style="list-style-type: none"> -Review committee purpose -Last meeting review -Present meeting actions -<i>Tracker check-in</i> -UO Project Check-In 	<p>Richie Thomas successfully defended his dissertation last week. He plans to keep working with the lab to sustain the work with Klamath Tribe and county. GONA – Gathering of Native Americans is a SAMHSA model. Hope to replicate Richie's RPP across other tribes in Oregon. Nicole Barney is working with Richie Thomas and is a tribal member.</p> <p>Trying to develop a centralized system of tracking. This is a co-design process. In a future agenda, Jon Rochelle could share a concept on different portals. A system that will be useful for everyone.</p>
9:55	Letter to OHA on Big River Recommendations	<ul style="list-style-type: none"> -Feedback on letter -Discuss next steps for letter (Executive approval?) 	See attached materials for notes on this.
10:05	Proposal for Statewide Survey		<p>See attached materials for notes on this.</p> <p>Action step: Create paragraph length ask of this being added to a POP. Request OHA to consider landscape of available data when making POP because funding is needed in this area.</p>

			<p>POP timeline – by January 2022</p> <p>Want to help craft paragraph: Karen, Elissa, John</p>
10:40	Tracker Review		Will do this in January when Alliance has Zoom
	<p>If time permits: Finalize information around Training Data Elements</p>		<p>Elissa and Roger worked on a document that lists data measures we want to track relating to the Big River Programs. See this document attached in meeting materials.</p> <p>OHA has done a scan around existing trainers so the training category of data elements should be a fairly easy lift except for sexual orientation and REALD data. Much of this data is already being gathered. Shanda let us know that we are on track with specific data elements listed.</p> <p>Roger was wondering if these data points could be included in the application process for trainers. He acknowledged that some trainings do their own training forms (like directly through LivingWorks and QPR Institute) but to ask this when possible on trainer applications.</p> <p>Trainings category is also right on track with data that trainers want to have collected or are collecting. It will be more difficult for other trainings but can be done.</p>
	<p>Standing Agenda Items:</p> <p>Data Review</p>	<p>-YSIPP 2.0 Update</p> <p>-Essence Report</p> <p>-HB 3090 Report</p>	<p>Which reports are part of our scope that we need to review and respond to?</p> <p>-CDC Data</p> <p>-Essence Data</p>

	<p>Check-In on Google Sheet Research Tracker</p>	<p>-Recent Reports / Studies from OHA (such as Healthy Teens) -Discuss how this committee will work to distill data from YSIPP 2.0 input</p>	<p>-HB 3090 Reports -SB 48 Reports -Healthy Teens Survey / Student Wellness (November 4th OHA will attend meeting) -Crisis text line (hopefully October meeting) -PSU work – what do you do? Miranda and Karen?</p> <p>Action Item: Receive updates from OHA on progress of crisis text line as it progresses.</p>
<p>10:55</p>	<p>Review Action Items / Next Steps from Meeting</p>		<p>Future agenda items: -Look at different county data teams / processes -Crisis text line data -QPR Fidelity checklist -Climate survey -HB 2315 survey</p> <p>Next steps: -Revisit Student Health Survey with Jon Rochelle & John Seeley -SPRC Guidelines for Communities in the State -Long-term Discussion: How do we set-up benchmarks going forward to track implementation of YSIPP 2.0 (have on a spring meeting agenda)</p>
<p>11:00</p>	<p>Adjourn</p>

Potential tasks for Data & Eval Committee (brainstorm ideas)

- Catalog a list of data sources.
- Learning collaborative for people working in suicide prevention who are working in data, best practice, gap identification.
- Score Card—assess how we are doing to get aligned with national standards of suicide prevention data. Focus on how to improve this.
- Improving the data literacy and competency of people across the state.
- Build the capacity of the field to be more data driven.
- Data coordination—what metrics are most important to collect on a local level and how do we feed these into the larger scheme of things. Review the data dashboard on a routine basis.
- Who holds the task of providing data sources and the data dashboard for us to review.
- Think tank brain trust for individual research presentations.
- What are the universe of data metrics? How does this connect - protective and risk factors.
- We review the data, understand the strengths and gaps, a forum for learning and supporting each other who are doing in research.
