Join the conference call: +16699009128,,89796541408#,,,,*651946# US

Committee Members in Attendance: Co-Chair Don Erickson, Co-Chair Julie Scholz, Jill Baker, Marielena McWhirter, Sarah Spafford, Stephanie Willard

Committee Members not in Attendance: Deb Darmata, Fran Pearson, John Seeley, Kirk Wolfe, Liz Thorne, Tanya Pritt

Staff: Annette Marcus (AOCMHP), Jennifer Fraga (AOCMHP)

Staff not in Attendance: N/A

Guests:

Time	Agenda Item	Action	Notes
9:00	Introductions, Announcements, Consent Agenda	Table items that have not been resolved.	SB 48 report due March 2022
9:05	Review POP		See attached meeting materials
9:30	Review Draft Project Plan		<p>See attached meeting materials</p> <p>HB 2315 updates: MHACBO meeting – thought it implemented a state of emergency and have, since July 2021, required SP CEUs for their workforce. In the vast majority of cases, people are following this. There is a free / low cost list of trainings they share with their licensees. Jill talked through a strategy with them that seems to be a common theme with the traditional healthcare workers. There are some in the workforce that need a higher level of training, like CAMS, compared to other professions. Idea – co-develop with MHACBO and others a series of 3-courses available online for free for Question Persuade Refer (QPR). MHACBO interested in supporting this. They have about 12,000 in their workforce impacted by HB 2315, peers make up about 10,000 people. Thinking about how to incorporate Substance Use Disorder (SUD)</p>

		<p>program staff in the training. Specific substances, like meth and cocaine, have higher instances of suicidality than other substances like marijuana.</p> <p>Idea: Start with QPR as training 101 and then have a series of suicide prevention 201, 301, etc. that they can rotate through for training. Will these be continually updated with new information? This is an ask that can go into the POP.</p> <p>Oregon licensing board has deferred to their own governing bodies in determining what trainings are required.</p> <p>TSPC – Jill found someone within this licensing board (Kristin Rush). She is not our contact for this legislation but want to stay connected for provider prep – how school counselors and educators prep. Goal is to focus on internal social emotional learning (SEL) standards and how to integrate these into different curriculums. She is creating an advisory group but more details to come on this.</p> <p>Has there been an audit of existing trainings to see if there is something usable before we start on something new? The tricky part about finding something existing is that trainings need to be free,</p>
--	--	--

			<p>culturally responsive, and mentions substance use disorders.</p> <p>Existing gap – not a large focus on trainings that changes existing attitudes of suicide and application of learned skills. How can we see how behavior is changed based on trainings? <i>Data & Evaluation Committee</i> is having these conversations as well to try to figure out how to measure changes in attitudes, beliefs, and skill application.</p> <p>Stephanie mentioned the importance of bringing people with lived experience in the creation of trainings. Lived experience can include personal lived experience and / or loss survivors.</p> <p>Brainstormed list of agencies to include:</p> <ul style="list-style-type: none">OFSNYouth ERANAMIAFSP?UOOPSAlliance workforceCultural experts/consultantsMACBHO
--	--	--	--

			<p>Laura Rose put forth the request to have a person with relevant lived experience co-facilitate the training</p> <p>Strength based suicide prevention training.</p> <p>HB 2315 Rules Advisory Committee – aimed to start mid to late March pending that Jill gets a letter out to the tribes by next week. There is a 60-day timeframe to hear back from tribes. Jill will have rough draft rules which will be included in the letter to the tribes. May – public comment. July 1, 2022 – effective start date.</p> <p>Jill wants to hear from us as to who should be on the RAC. Annette said we should start reaching out to potential RAC members this month.</p> <p>ORS 309.27 are the current rules for workforce. HB 3037 – rules process will be parallel to the HB 2315 rules process.</p> <p>OHA bill analysis around health equity – is someone’s category leading with race while including other demographic categories – does it cause another group to have inequitable access.</p>
--	--	--	--

10:00	Adjourn		Future action items: Schedule review of SB 48 report. Sarah & Jill – look at assessment piece of HB 2315 Tanya – will get a list of what MHACBO requires for certification and connect Jill with Eric at MHACBO
