

Evaluation and Data Committee: Thursday, February 3, 2022 9:30 a.m. – 11:00 a.m.

Committee Members in Attendance: Co-Chair Elissa Adair, Co-Chair Roger Brubaker, Claire Kille, David Kerr, Gordon Clay, Jill Baker, Joseph Stepanenko, Karen Cellarius, Sandy Bumpus, Shanda Hochstetler, Whitney Schumacher

Committee not Members in Attendance: Debra Darmata, Grace Bullock, Holly Zell, John Seeley, Jonathan Rochelle, Kara Boulahanis, Laura Rose Misaras, Michelle Bangen, Rebecca Marshall, Sarah Spafford, Spencer Delbridge

Staff: Annette Marcus (AOCMHP), Jennifer Fraga (AOCMHP), Kris Bifulco (AOCMHP)

Staff not in Attendance:

Guests:

Please join my meeting from your computer, tablet or smartphone.

Focus of the Data and Evaluation Committee: Advising and supporting the process of developing the next YSIPP.

Time	Topic	How	Notes / Attachments
9:30	Welcome, Introductions, Announcements, Consent Agenda	Table items that have not been resolved	<p>Returning members: <i>Put name & organization in the chat.</i> New members: <i>Share name & organization with the group.</i></p> <p>February – how does this committee engage with the rest of the alliance around the work they are doing / data / measurements; look at questions asked during November student health survey presentations and tell OHA what we would like to learn from the results.</p> <p>Group brainstorm session where we can identify things moving forward with other committees. How can we support them? Raise this question with other committees before January to hear from them. Performance measurement plan? Is that our role?</p> <p>Concern expressed around crisis text line data. The concern is that the contract is up in May. At this point, getting demographic data for Oregonians, especially our YSIPP age group, and LGBTQ would include all keywords combined and not OREGON since that keyword hasn't gained any traction in Oregon.</p> <p>Text Line data: Lines for Life data analyst – looking at data by zip code for YouthLine. This is one project for them among many priorities / projects for them to look at.</p>

			<p>National Crisis Text Line – OHA receive the data and have access to it. CTL sends the data already compiled so we did not ask for further UO analyses.</p> <p>This group would like time to digest and discuss what Jill shared today about the big river POP recommendations in March.</p>
	December Action Items Check-In	Previous Action Items	
9:35	Big View, Review, Preview of Committee Work	<ul style="list-style-type: none"> -Review committee purpose -Last meeting review -Present meeting actions -<i>Tracker check-in</i> -UO Project Check-In 	UO team is on a retreat today. We will receive an update during the March meeting.
9:45	Tracker Review Small groups to review tracker and talk about what they are working on, add information to the tracker, bring back what they learned to the larger group	Small groups for 20 minutes	Tracker was reviewed as one group. See tracker details here . Please add your own information as able to keep it updated.
10:05	Debrief Small Groups		No small group discussion.
10:25	Follow-up on Statewide Survey Proposal		Create paragraph length ask of this being added to a POP. Request OHA to consider landscape of available data when making POP because funding is needed in this area.

			<p>Process for POP Recommendations: committees submitted recommendations to staff. These recommendations were compiled and sent to the Executive for review and a vote. The Executive Committee had a lot of questions around process, purpose, and implementation of the statewide climate survey and did not move this committee's recommendation forward to be submitted to OHA. This doesn't mean that we can't pursue this survey or ask it just means it wasn't sent to OHA for the 2023 legislative session. This committee can still make this ask / pursue legislative ask moving forward.</p> <p>This was the breakdown of the vote for this committee's proposal: 4 voted to include in POP to OHA, 4 voted to have for long-term policy option, 1 said not an Alliance priority.</p> <p>Specific comments: -Want to know more about specifics for data & evaluation survey request like funding, purpose, timeframe (every 5 years is too big of a gap)</p> <p>Current Student Health Survey costs around \$2-\$3 million to implement.</p>
10:30	Workplan Update and preview for 2022		Not discussed today.
	Standing Agenda Items:	-YSIPP 2.0 Update -Essence Report	Which reports are part of our scope that we need to review and respond to?

	<p>Data Review</p> <p>Check-In on Google Sheet Research Tracker</p>	<ul style="list-style-type: none"> -HB 3090 Report -Recent Reports / Studies from OHA (such as Healthy Teens) -Discuss how this committee will work to distill data from YSIPP 2.0 input 	<ul style="list-style-type: none"> -CDC Data -Essence Data -HB 3090 Reports -SB 48 Reports -Healthy Teens Survey / Student Wellness (November 4th OHA will attend meeting) -Crisis text line -PSU work – what do you do? Miranda and Karen? <p>Action Item: Receive updates from OHA on progress of crisis text line as it progresses.</p>
<p>10:55</p>	<p>Review Action Items / Next Steps from Meeting</p>		<p>Future agenda items:</p> <ul style="list-style-type: none"> -Look at different county data teams / processes -HB 2315 survey <p>Next steps:</p> <ul style="list-style-type: none"> -Revisit Student Health Survey with Jon Rochelle & John Seeley -SPRC Guidelines for Communities in the State -Long-term Discussion: How do we set-up benchmarks going forward to track implementation of YSIPP 2.0 (have on a spring meeting agenda)
<p>11:00</p>	<p>Adjourn</p>		

Presentation Contacts

[Geraldyn](#) from Health Policy and Analytics will be the person to invite to talk about what medicaid data is/can be available. Geraldyn.BRENNAN@dhsosha.state.or.us

Drew Allen or Robyn Ellis for ESSENCE information.

Potential tasks for Data & Eval Committee (brainstorm ideas)

- Catalog a list of data sources.
- Learning collaborative for people working in suicide prevention who are working in data, best practice, gap identification.
- Score Card—assess how we are doing to get aligned with national standards of suicide prevention data. Focus on how to improve this.
- Improving the data literacy and competency of people across the state.
- Build the capacity of the field to be more data driven.
- Data coordination—what metrics are most important to collect on a local level and how do we feed these into the larger scheme of things. Review the data dashboard on a routine basis.
- Who holds the task of providing data sources and the data dashboard for us to review.
- Think tank brain trust for individual research presentations.
- What are the universe of data metrics? How does this connect - protective and risk factors.
- We review the data, understand the strengths and gaps, a forum for learning and supporting each other who are doing in research.
