

**Data & Evaluation Committee: Thursday, September 1, 2022 9:30 a.m. – 11:00 a.m.**

Committee Members in Attendance: Chair Elissa Adair, Gordon Clay, Holly Zell, Jill Baker, Karen Cellarius, Kate LaForge, Sandy Bumpus, Shanda Hochstetler

Committee not Members in Attendance: Abby Warren, Claire Kille, David Kerr, Debra Darmata, John Seeley, Laura Rose Misaras, Mark Hammond, Mavis Gallo, Meghan Crane, Scott Vu, Whitney Schumacher

Staff: Jennifer Fraga (AOCMHP), Kris Bifulco (AOCMHP)

Staff not in Attendance: Annette Marcus (AOCMHP)

Guests: Marielena McWhirter

Time	Topic	How	Notes / Attachments
9:30	Welcome, Introductions, Announcements, Consent Agenda	Table items that have not been resolved Returning members: <i>Put name &amp; organization in the chat.</i> New members: <i>Share name &amp; organization with the group.</i>	Elissa asked attendees to share their name and agency affiliation (if applicable) in the chat.
9:35	Big View, Review, Preview of Committee Work	<ul style="list-style-type: none"> <li>-Review committee purpose</li> <li>-Last meeting review</li> <li>-Present meeting actions</li> <li>-Tracker check-in</li> <li>-UO Project Check-In</li> </ul>	<p>We are a community of researchers that want to stay updated on the landscape of data in the Suicide Prevention world in Oregon with a role to provide input to OHA. Goal is to transition broadly as a committee to provide input on dashboards and data measures.</p> <p>John is out on vacation so we are tabling the UO Project Check-In.</p> <p>Zero Suicide and Garrett Lee-Smith Updates: OHA has a statewide Zero Suicide implementation grant to implement this framework in health systems. There are a lot of elements to this process including a Zero Suicide Academy, community of practice for those implementing this framework, and more. PSU assesses organizations through this process and provides feedback.</p>

			<p>Garrett Lee-Smith is for youth suicide prevention activities and covers trainings, working with school-based health centers and ODHS to hold suicide prevention trainings. PSU has one of these grants and will be presenting at this year's Oregon Suicide Prevention Conference (OSPC) taking place in October in Ashland.</p> <p>Elissa would like to hear more about healthcare provider engagement and how this is going. What are lessons learned in trying to engage them? Karen: for any effort to engage providers, you need support from leadership. The Zero Suicide Framework includes elements on how to engage providers like connecting with leadership, tracking trainings, funding, reviewing systems, and more. If you are interested in Zero Suicide there will be at least one consultant from the Zero Suicide Academy at this year's OSPC.</p>
9:55	<p>Committee Pause Decision Elissa Adair</p>		<p>Elissa suggested this committee take a pause in the final quarter of 2022 and talked it through with Alliance Staff, Alliance Chair, and OHA. It's important to take some time to find a co-chair for Elissa and she would like to reach into Alliance committees to market for this committee as an internal consultant / advisor for those with the hope to return in 2023 with a workplan specific to committee work.</p> <p>Suggestions or recommendations you would like to see when we return in January:</p> <ul style="list-style-type: none"> <li>- Find a second chair for this committee to follow a co-chair model. Elissa is thinking about returning as a committee</li> </ul>

			<p>member in 2024 so part of the next calendar year will be training / helping the new co-chair prepare for this. The co-chair will need to be a voting member so they can serve on the Executive Committee. Elissa could serve as a proxy in case the co-chair can't attend sometimes but the co-chair will need to be the main person to fill this role.</p>
10:00	<p>YSIPP FY 22-23 Initiative Priorities Elissa Adair and Jill Baker</p>		<p>Even though this committee won't be meeting together during the last quarter, we still have business to attend to.</p> <p>Current YSIPP is for 2021-2025 with initiatives adjusted each fiscal year. We had specific initiatives that were worked on for FY 21-22 and it is time to select new ones for FY 22-23. Looking at what we want to start, stop, and continue. Jill will be presenting on this plan she has created and the timeline tomorrow with the Executive. We have 117 initiatives that were identified as priorities which is the same number as the very first YSIPP.</p> <p>For FY 21-22 priorities, Jill has been reaching out to leads for updates and if we're on track. This will be covered and presented on at the September Quarterly.</p> <p>The Alliance owns 15 initiatives which are led by either an Alliance committee or Staff. Plan / hope is that Jill wants to ask committees what they want to start, stop, continue in October and be finalized in November.</p>

			<p>One example: Schools Committee</p> <ul style="list-style-type: none"> <li>- Organizing and mapping out needs was their focus for FY 21-22 and they have a list of tasks they want to complete. We know which school districts marked / self-reported that they have an Adi's Act and who doesn't have plans posted on their website. Possible next step: continuing on this track with a goal of having a certain number of schools posting to their website by a certain time.</li> </ul> <p>Will know more about this plan and next step after Jill presents to the Executive Committee tomorrow, 09.02.</p> <p>Jill asked John Seeley for additional supports on YSIPP Evaluation metrics. The document Jill shared before going on medical leave and what we have been looking at these last couple of meetings. John will ask the lab to see who is interested and able to help and create a sub-committee to help in this.</p> <p>Collective Impact Institute is doing a 4-week course on backbone organizations and looking at key indicators. Annette asked if some of us could attend that, including someone from UO Lab, to see if it could help us. Annette will send that information to this group for review.</p>
10:20	YSIPP Monitoring Metrics Continued Elissa Adair		Reminder: Committee spent part of last two meetings looking at the Protective Policies and Activities metrics. After discussions, we reconvened and reviewed some of our considerations and landed on wanting to identify key research questions as well as process measures and outcome measures for initiatives. We

			<p>have recognized the intensity of this work and hope to spend one more conversation, today, reviewing and discussing this area before moving on to the next one.</p> <p>Current initiatives in this section:</p> <p>2.3.1.1 Crisis Text Line is available 24/7, and data is tracked using code "Oregon"</p> <p>2.3.1.2 LifeLine through Lines for Life is available 24/7.</p> <p>2.3.1.3 Teen-to-teen text and phone support is available through YouthLine from 4pm-10pm PST</p> <p>2.3.1.4 Emotional Support Lines are widely available (David Romprey Warmline, ReachOut Oregon Parent Warmline, COVID19 and wildfire support lines, Behavioral Health Access support lines)</p> <p>2.3.1.5 A comprehensive website to identify behavioral health needs, supports, and providers called "Here For You Oregon" to launch in 2021.</p> <p>2.3.1.6 New: A federally mandated project to transition the National Suicide Prevention Lifeline number to "9-8-8" will be ready to implement by July 2022.</p> <p>2.3.1.7 New: Mobile Response and Support Services (MRSS) system is being developed in Oregon, including a children's specific system.</p>
	<p>Standing Agenda Items:</p> <p>Data Review</p>	<ul style="list-style-type: none"> <li>-YSIPP 2.0 Update</li> <li>-Essence Report</li> <li>-HB 3090 Report</li> <li>-Recent Reports / Studies from OHA</li> </ul>	<p>Which reports are part of our scope that we need to review and respond to?</p> <ul style="list-style-type: none"> <li>-CDC Data</li> <li>-Essence Data</li> <li>-HB 3090 Reports</li> <li>-SB 48 Reports</li> </ul>

	Check-In on Google Sheet Research Tracker	(such as Healthy Teens) -Discuss how this committee will work to distill data from YSIPP 2.0 input	-Healthy Teens Survey / Student Wellness (November 4 <sup>th</sup> OHA will attend meeting) -Crisis text line -PSU work – what do you do? Miranda and Karen?  Action Item: Receive updates from OHA on progress of crisis text line as it progresses.
10:55	Review Action Items / Next Steps from Meeting		Future agenda items: -Look at different county data teams / processes -HB 2315 survey -Define Implementation vs. Impact Metrics - How we want to assign these / use these throughout Alliance initiatives  Next steps: -Revisit Student Health Survey with Jon Rochelle & John Seeley (Overlay survey with a YSIPP Metric area and see if we find any overlap, etc.) -SPRC Guidelines for Communities in the State -Long-term Discussion: How do we set-up benchmarks going forward to track implementation of YSIPP 2.0 (have on a spring meeting agenda)
11:00	Adjourn		

Presentation Contacts

[Geraldyn](#) from Health Policy and Analytics will be the person to invite to talk about what medicaid data is/can be available. [Geraldyn.BRENNAN@dhsosha.state.or.us](mailto:Geraldyn.BRENNAN@dhsosha.state.or.us)

Drew Allen or Robyn Ellis for ESSENCE information.

#### Potential tasks for Data & Eval Committee (brainstorm ideas)

- Catalog a list of data sources.
- Learning collaborative for people working in suicide prevention who are working in data, best practice, gap identification.
- Score Card—assess how we are doing to get aligned with national standards of suicide prevention data. Focus on how to improve this.
- Improving the data literacy and competency of people across the state.
- Build the capacity of the field to be more data driven.
- Data coordination—what metrics are most important to collect on a local level and how do we feed these into the larger scheme of things. Review the data dashboard on a routine basis.
- Who holds the task of providing data sources and the data dashboard for us to review.
- Think tank brain trust for individual research presentations.
- What are the universe of data metrics? How does this connect - protective and risk factors.
- We review the data, understand the strengths and gaps, a forum for learning and supporting each other who are doing in research.
