Time	Topic	How	Notes / Attachments
9:30	Welcome, Announcements, Consent Agenda	Table items that have not been resolved New members: <i>Share name & organization with the group.</i>	New Vista for AOCMHP --
9:33	YSIPP Metrics Update John Seeley		Mavis Gallo shared the enormous spreadsheet with the various indicators (thank you Mavis). Currently data sources are still being identified. Committee members were interested in how data was being solicited and/or included if it is received outside of U of O.
9:35	Potential: Ask from Workforce Committee – dependent on progress from Workforce Committee Sarah Spafford		Delayed for a future meeting
10:05	Presentation on HB 3090 Report and Q&A Meghan Crane	HB 3090 Fact Sheet HB 3090 Report	Meghan did a fantastic job presenting the report and helping the committee understand the results and also some additions that could aid the system and results for transitions of care. Some key issues identified: <ul style="list-style-type: none"> • Hospitals, particularly smaller and/or rural, didn't know how or didn't have capacity to bill for reimbursement of services

			<ul style="list-style-type: none"> • The transition of care services and system of complaints is not widely publicized so consumers may not be aware of availability • Currently CCO's are not required to generate suicide metric • The committee saw some opportunities to collaborate with the transition of care committee around recommendations for strengthening and some legislative options were identified by committee members • Next steps: committee leadership will consider how to move forward
10:35	Committee Strategic Plan through Calendar Year 2023 and Committee Description Kathy Turner		This is attached to calendar invite. The committee delayed further discussion of this item, in order to prioritize discussion of the HB 3090 report
10:50	YSIPP Annual Report Follow-Up	After hearing Jill's presentation at the quarterly, do you have any additional questions?	Jill's PowerPoint from Quarterly is attached to calendar invite. Attached is Jill's PowerPoint giving a highlighted summary on progress on items in the YSIPP at the quarterly meeting, which is attached. This PowerPoint was designed to highlight the Alliance specific initiatives. The group is interested in digging into the data more deeply before providing feedback to OHA.

Committee members would like to understand what the term “achieved” means in the report – because some of the items identified are currently ongoing efforts.

We watched Jill Baker’s overview video of the suicide prevention framework for Oregon. We reviewed Jill’s presentation to the Alliance on the annual report. Follow up action: Annette, Karen and Sandy will review the annual report together and frame some questions and/or recommendations for feedback on the YSIPP 2022 report before the next meeting.

11:00	Adjourn		
	Items / Data Sets to keep an eye on and receive updates as appropriate		<ul style="list-style-type: none"> -Committee Google Sheet Research Tracker -Essence Report -HB 3090 Report -Recent Reports / Studies from OHA -Discuss how this committee will work to distill data from YSIPP 2.0 input -Healthy Teens Survey / Student Wellness (FALL OHA will attend meeting) -SB 48 / Workforce Reports

Presentation Contacts

[Geralyn](#) from Health Policy and Analytics will be the person to invite to talk about what medicaid data is/can be available. Geralyn.BRENNAN@dhsosha.state.or.us

Drew Allen or Robyn Ellis for ESSENCE information.

Potential tasks for Data & Eval Committee (brainstorm ideas)

- Catalog a list of data sources.
- Learning collaborative for people working in suicide prevention who are working in data, best practice, gap identification.
- Score Card—assess how we are doing to get aligned with national standards of suicide prevention data. Focus on how to improve this.
- Improving the data literacy and competency of people across the state.
- Build the capacity of the field to be more data driven.
- Data coordination—what metrics are most important to collect on a local level and how do we feed these into the larger scheme of things. Review the data dashboard on a routine basis.
- Who holds the task of providing data sources and the data dashboard for us to review.
- Think tank brain trust for individual research presentations.
- What are the universe of data metrics? How does this connect - protective and risk factors.
- We review the data, understand the strengths and gaps, a forum for learning and supporting each other who are doing in research.
