9:50	Priority Area #1: Increase Data Access & Use Priority Area #2: Stay up-to-date available data	Related Project: Expand and disseminate Resources Spreadsheet (Lead=Karen Cellarius. Other workgroup members: Jen, John, Mavis)	 Updates: Karen met with Alliance chair (Galli) and staff (Annette & Jen F) as well as ASIPP evaluator (John S) on 11/29 to discuss expanding spreadsheet and collecting inventory info from Alliance partners via web survey. Karen has identified someone at PSU to review & finalize requests for additions & edits. Format has not yet been finalized. Karen still needs to convene workgroup meeting to finalize format Discussion re how to update Spreadsheet: PSU already surveys CDC SP Grant partners quarterly, in part to update the inventory required by the CDC grant. Expanding the survey to Alliance members would result in a more comprehensive inventory. PSU created a version of the inventory prior to the CDC grant. The result are available and organized according to YSIPP/ASIPP categories. (link to be provided) UO SP Lab conducts annual survey of Alliance every June, so an additional quarterly web survey to update the inventory following each Alliance mtg may be too much. However, a brief meeting evaluation following each quarterly mtg be useful for Alliance Planning purposes. Tentative decisions:

o Inventory will always be vetted and supplemented by a PSU staff member to ensure accuracy and reduce duplication.

is going well and areas of improvement.

o Once survey data has been collected once from the Alliance, decision can be made about where to post the inventory. (Alliance D&E web

track member and affiliate satisfaction with the Alliance - to learn what

page vs OHA CDC Grant web page)

UO SP Lab/PSU will research brief web survey options that allow for 3-4 feedback questions following each mtg. Results will be shared with Exec Committee following each mtg. An annual synopsis will be shared with full Alliance annually to show whether satisfaction with processes increased or decreased in response to the Alliance's response to post-mtg evaluations.

Action Items:

Jenn will schedule a meeting with John, Karen, Annette to talk through Quarterly meeting polls which will start during the March 2024 Quarterly meeting.

Jenn will do a practice poll to help get people used to polling during the December 2023 Quarterly meeting.

- Question: Who updates the inventory and who collects/process Alliance meeting feedback?
 - PSU can maintain inventory because they already has funds to maintain an inventory of SP resources through the CDC SP grant.
 - If quarterly post-mtg evaluation is related to YSIPP evaluation, UO could do that as part of their YSIPP evaluation. If not, a brief automated survey and report could be managed by the Alliance D&E Committee Chair.
- Other ideas from October D&E Committee meeting:
 - o Maybe add policies around MH and risk factors
 - add a searchable topic area for LGBTQIA2S+ as well?
 - Add process data & outcome data & tracking initiatives
- Thoughts from the Committee?

Time Priority Area #3: Provide TA & consultation to Alliance (Lead: Chair): TA Requests & Liaison Reports	 How Update on review of WF Com. Letter to OHA Update on Alliance request to provide orientation to the Coalitions about data access and use Review other TA requests Report out from D&E liaisons to other committee s ID other liaisons 	Notes / Attachments Workforce Committee drafted letter to OHA asking OHA to do better eval around HB2315 to understand impact of HB2315 Karen was supposed to post letter from Workforce Committee (Sarah Spafford) so D&E committee members could provide suggestions of additions to that letter. Other background: Because there are new "HB 2315's" now, here are the relevant laws that the legislation impacted: ORS 675.140, 675.597, 675.805, 676.860 and 676.863 Newest report: https://sharedsystems.dhsoha.state.or.us/DHSForms/Served/le-354350.pdf Was anyone able to review letter/provide input? Other TA Requests: Mavis, SP Lab, has volunteered to serve as a liaison. Is this to a specific committee or should we just let committee chairs know they are available? Alliance request for orientation to the Coalitions about data access and use: Topic(s): How Coalitions can use data for planning Other background info: Taylor is putting on a presentation for ASIST data collaborative and may be able to help.
