
Lethal Means Safety Subcommittee

YSIPP 2026-2030 Planning

YSIPP

The Alliance is charged with monitoring the work of the YSIPP

We provide guidance and recommendations to OHA about implementation of different initiatives in the plan

Subcommittees submit recommendations to OHA on what should be included in the YSIPP

Initiatives are then assigned to the Alliance and our Subcommittees based on our recommendations

Look back at Lethal Means Safety YSIPP Initiatives

- 2025: 2.2.1.1 The Alliance will continue to work towards recommendations in the Lethal Means workplan.
- 2025: 2.2.1.1.1 The Alliance will develop recommendations for safe storage programs for firearms, medications, and mind-altering substances using summarized and citation-specific evidence to be shared with state and county-level elected officials; developing suggested messaging and educational programming for explaining to children what the dangers are and develop safety planning.
- 2025: 4.3.1 The Alliance will identify needs and resources in culturally specific communities, service members and veterans, young people of color and rural white women, around safe storage, suicide prevention and access to lethal means.
- 2024: 2.2.1.1 The Alliance will continue to work towards recommendations in the Lethal Means workplan.
- 2024: 4.3.1 The Alliance will collaborate with the Rural Engagement Project and other partners on safe storage legislation for the 2024 short session.
- 2023: 2.2.1.1 The Alliance will continue to work towards recommendations in the Lethal Means workplan.
- 2021-2022: The Alliance will create a workplan for Lethal Means work that includes safe storage, collaboration between stakeholders, and policy recommendations.

Changes to Lethal Means Safety YSIPP Initiatives

Current YSIPP Initiatives

2.2.1.1 The Alliance will continue to work towards recommendations in the Lethal Means workplan.

2.2.1.1.1 The Alliance will develop recommendations for safe storage programs for firearms, medications, and mind-altering substances using summarized and citation-specific evidence to be shared with state and county-level elected officials; developing suggested messaging and educational programming for explaining to children what the dangers are and develop safety planning .

4.3.1 The Alliance will identify needs and resources in culturally specific communities, service members and veterans, young people of color and rural white women, around safe storage, suicide prevention and access to lethal means.

Questions to Think About

What do we want to be able to say about the suicide prevention landscape in 5 years?

What do we want to be able to say about lethal means safety access in 5 years?

What do we need to start doing to achieve that

What do we need to stop doing to achieve that?

What is working well that we need to continue?

In addition to funding, what do we need to meet our goals?

Deadline

01

Subcommittees
need to send
initiatives into
staff in June

02

Staff will collate
initiatives which
will be sent to
OHA

03

YSIPP 2026-
2030 will be
written in July
